REACH Compliance Statement

The European Union Regulation EC 1907/2006, entitled "Registration, Evaluation, and Authorization of Chemicals" (REACH) came in to effect on the 1º June 2007.

The REACH regulations ensure a high level of protection of human health and the environment by controlling the use of harmful substances within the European Union.
Sonae - Indústria de Revestimentos, SA is a manufacturer of High Pressure Laminates that are used in the downstream market, marketed under the brand Innovus. These are manufactured products and in line with article 7 are not subject to registration.
Innovus products do not contain greater than 0.1% weight by weight of any of the chemicals identified as a substance of very high concern (SVHC) on the "candidates list for authorization" published by the European Chemical Agency (ECHA)

The Innovus products do not contain substances of very high concern (SVHC) greater than 0.1%. Under normal and foreseeable circumstances of application, our products will not release any harmful substances as defined by the EU REACH Regulations.

The statement made herein does not extend to any item added post production to Innovus' products by any other manufacturer, person or user, or any products subjected to unintended contamination, misuse, neglect or accident.

The company acknowledges its responsibility to advise customers of any products in relation to REACH and will continue to monitor the regulations closely to ensure continued compliance.
